

BASTA'S CANDIDATE QUESTIONNAIRE 2010

BASTA (Bell Association to Stop the Abuse) is a community based organization formed on July 16, 2010 after information became public on compensation of City of Bell public officials. We believe that the March 8th election is the most important in Bell history, thus we have devised a comprehensive evaluation process for the March City Council Recall and General Election. The process will include a this candidate questionnaire and a public forum process to grade the quality of potential new council members.

The process will include examining candidates' criminal and financial background and work history, their plan for creating transparency, improving access to government and information, fostering civic engagement, and creating financial stability for the City of Bell. Additionally, candidates will be asked about their views on public safety, work protections and appropriate workplace behavior.

The grading will be done by community members based on the questionnaire and forum participation. All candidates participating will receive a grade of very qualified, qualified, not qualified, or did not participate. There is no limit to how many candidates can receive a qualified/very qualified score.

The BASTA questionnaire and evaluation process was created through expansive community input that was conducted in an open forum at BASTA meetings. The process is meant to measure the quality of candidates and **not** to create a BASTA slate of candidates. In fact, it will be mandatory for any current members of BASTA leadership to resign their positions prior to announcing their candidacy.

BASTA candidate questionnaires are due January 7 so all candidates have an opportunity to participate. Dates for community forums with candidates will be announced shortly, but will take place in early 2011 and they will be open to all. All candidate information will be made public online, at BASTA community meetings, and at forums.
